

## INTRODUCTORY COURSES 2010

The one day Chartered Banker Introductory Course, delivered by CIOBS Academy staff, introduces students to the CIOBS and the various administrative distance learning procedures.

It aims to recap study and learning skills and, importantly, also facilitates networking with other students studying at an equivalent educational level.

The course covers a wide range of topics, including:

- **Study Skills (including time management and note-making)**
- **Personal Skills (including memory aids)**
- **Student Support**
- **Assignments and Examinations.**

As part of their course registration fees, all students are entitled to attend one introductory course. Application is usually made on the initial subject enrolment form.

The Introductory Course dates for **2010**, to be held at the CIOBS offices in Edinburgh, are outlined below.
